Lecture Register Page

A lecture is able to register by entering their details. As soon as they register, they are able to login using the system.
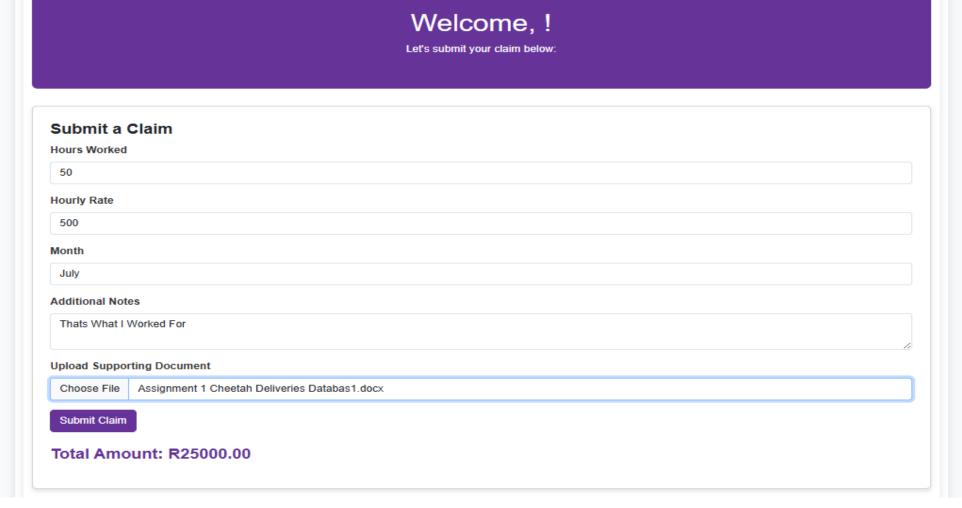

Lecture Login Page
The lecture can now login using the credentials they used to register and will be able to access their dashboard to submit new claims as well as track status.

Lecture Dashboard

This is just the top part of the dashboard. It displays a welcome text message and guides the lecture on where to submit claims.

Welcome, !

Let's submit your claim below:

Lecture Dashboard Still

Depending on what hours and rate the lecture entered, the status is changed to Approved or Pending Approval. In this case, when the lecture enters hours greater than the minimum, and rate greater than the minimum, the claim is automatically approved. And the opposite is true.

Admin Registration

Just like the Lecture page, the admins can either register and login. Here, the admins can either register as the academic manager, program coordinator, or HR.
